4.1 RoadMap

KDE-Edu

Timeframe: unknown (might be 6 months to more than 1 year after 4.0)

Planned Inclusions

- Step (make some releases for 4.0 rc2 and after)
- KEduca (very much needed by teachers, maintained by Matt Williams)
- KVerbos?
- KMathTool?
-

Others

- Merge KBruch and Kpercentage?
- Possibility to use ODF library as KOffice plans to release it separately
- Any other ideas?
